

CONNECTION PLANE - S 0073

Cast aluminum flat connector (UNI EN 1701) that joins two handrails. The kit consists of 2 shaped plates, one upper and one lower, that are joined by a central M6 grub screw that acts as a pivot pin. The lower part has an aluminum ring that engages in the attachment located above the railing or column.

PAINING

Coat of two-component zinc phosphate primer and two coats of finish with two-component standard gray (S) paint. RAL colors on request.

SCALE 1:2
